To assist the Match Committee, members' attention is directed to the following:

- Familiarise yourself with all notices posted on the notice boards and local rules boards.
- Take out a starting time at the earliest convenience and be ready to hit off when called to the tee. Report to starter 10 minutes before time. Failure to do so may result in the late player being moved to the next available alternative Tee Time.
- All ties will be decided on a count back, with the exception of some major events as nominated, which must have a play off.
- All complaints or disputes regarding competitions must be lodged in writing with the Manager. The Match Committee's decision shall be final.
- Non-competition players may only hit off after the competition field has been cleared and must, at all times, give way to competition players.

House services. During the year various social evenings are held in the Club House. Members are requested to support these events.

Greens Staff

Green Staff have the right of way at all times. Do not hit up on Green Staff or do anything that may place them in danger. Players should wait until you are called before proceeding. If you hit a member of staff it could well turn out to be your personal responsibility for any medical or other expenses incurred by that member of staff.

Do not hit upon other competitors - as injury to them could prove expensive to you.

Handicapping & Handicaps

It is the player's responsibility to return cards regularly for handicapping purposes. Handicaps will be adjusted in accordance with Golf Australia guidelines.

Ties in Handicap Competitions

Ties shall be decided in accordance with the Golf Australia Countback System.

New Handicaps - Allocation

New members and others requiring a new handicap shall submit 3 cards to the Office. The Captain or Match Committee member will then calculate and allocate a handicap. This new handicap will be capped at maximum of 36, initially.

Preferred Lies - Procedure

- A ball lying on a closely-mown area, through the green, may be lifted, without penalty and cleaned. Before lifting the ball the player must mark its position. Having lifted the ball the player must place it on a spot within 15cms of and not nearer the hole than where it originally lay, that is not in a Hazard and not on a Putting Green.
- A player may place his ball only once and it is in play when it has been placed (Rule 20-4). If a ball fails to come to rest on the spot on which it is placed, then Rule 20-3d applies. If the ball when placed comes to rest on the spot on which it is placed and it subsequently moves, there is no penalty and the ball must be played as it lies, unless the provisions of any other Rule applies.
- If a player fails to mark the position of the ball before lifting it or moves the ball in any other manner, such as rolling it with a club, he incurs a penalty of one stroke.
- Note - "Closely-mown area" means any area of the course cut to fairway height or less.

Competitions

- Players shall be responsible for acquainting themselves with the conditions under which the competitions are to be played.
- At the halfway stop, at either Hawken's Rest or the Clubhouse, a group may not stop if the fairway is clear ahead and the preceding group is out of range. Quickly purchase food and refreshments and continue playing.
- All players must report to the Pro Shop at least 10 mins prior to their designated tee-off times. Failure to do so may result in the late player being moved to the next available alternative Tee Time.

Mixed Competitions

- Members and Lady Members playing as partners.
- No other competition is allowed.

Medley Competitions

- Any combination of Members and Lady Members, two Members or two Lady Members as partners.

Handicap

- In all competitions the individual handicap of all players must be shown on the Scorecard, under penalty of disqualification.

How to determine where Strokes Taken

- Team handicap is determined by the addition of the individual player's handicaps - then dividing by 4. The result can be a whole number or include a $\frac{1}{4}$, $\frac{1}{2}$ or $\frac{3}{4}$ fraction.
- Lowest handicapped team goes to scratch; the other team then play from the full difference of their handicap minus the lowest team's handicap. Fractions are included in the calculation. The result may again include a fraction. Any $\frac{1}{4}$ fraction is then disregarded with $\frac{1}{2}$ and $\frac{3}{4}$ fractions being rounded up to the next whole number. Strokes will then be taken as per the Match Play Index.

Timesheets

Timesheets are normally available 2 weeks in advance of the Competition date, except for Saturday timesheets, which are available 8 days prior.

Electronic timesheets are available on the Member's kiosks, situated in the Clubhouse.

Saturday Timesheets

A draw is held on the Friday night at 5.30pm, 8 days prior to each Saturday competition to allow eligible members to book their place on the timesheet. Members attending the draw at 5.30pm are to place their name on the numbered draw sheet for inclusion in that draw. Numbers will then be generated randomly. Members whose number is called will then be able to place a max of 4 players (in 1 time slot) on the timesheet.

Practice

- All players must report to the Pro-Shop before entering the course.
- Practice is not permitted on the course earlier than the earliest designated competition timeslot.
- Practice is permitted in the designated areas, namely, the area to the left of the 15th fairway.
- Practice on other areas of the course, prior to a stroke play event is prohibited.
- Chipping to the practice putting green is not permitted.
- During practice rounds, (through the green), no more than 2 golf balls may be played.
- All Practice players must play off the Yellow tee blocks, unless permitted by the Match Committee.

Playing Etiquette

- The lowest marker in each group is responsible to see that the Rules and Etiquette of Golf are strictly observed and practiced.
- When the result of a hole has been determined, players must leave the green before marking their cards.
- Mobile phones should be turned off or set to silent or vibrate whilst on the Course so as not to distract others.
- Players in golf carts should be aware of the noise they create. They should not be driven up to or past players during the course of their stroke making.
- LOST BALL: A ball is considered lost when it cannot be found within five minutes. However, it should be noted that immediately a ball cannot be found, oncoming players should be called through and stand aside until these players are out of range.
- Slow-moving players should allow faster players through.
- No one should stand close to or directly behind the ball, move, or talk when a player is making a stroke.
- The player who has the honour should be allowed to play before his opponent.
- In the interest of avoiding slow play if this person is not ready to play, any person in the group may play their stroke.
- No player should play from the tees until the group in front have played their second strokes, and are out of range, nor play up to the putting green till the group in front have holed out and moved away, unless called on.
- Players who have holed out should not try their putts over again.
- Turf cut or displaced by a player should be at once replaced and pressed down with the foot and covered with soil. **Buckets and soil are provided.**
- Players should not damage the holes by standing close to them when the ground is soft, or spike turf with flag stick.
- A player who has incurred a penalty stroke should indicate the fact to his marker or opponent as soon as possible. (See Rule 9-2,9-3)
- **Play without undue delay. Please remember your slowness is extremely irritating to those players behind you. The Match Committee has the power to disqualify or penalise for unduly holding up the field.**

Slow Play

The regular occurrence of Slow Play is discussed consistently among Members and with the thought that almost every player-member of the Club has at some time expressed concern about the effect of Slow Play on their enjoyment of the game, we publish the following suggestions which could be of assistance in overcoming the problem.

- Be ready to tee off on time. Select your club and ball while other players are having their shots. If the player who has the honour is not ready, then one of the other players in the group should hit. Shorter hitters should hit when the group in front is out of range.
- Always mark your card while awaiting your turn at the next tee. Do not hold up the players behind you by marking your card while standing on the green just completed.
- After teeing off, proceed directly to your own ball or level with same and select your club to be used while waiting for others to play their shots.
- Do not have an unnecessary number of practice swings. It is agreed that each player has his own preference in this matter, but suggest that practice swings be limited to 2 max.
- Call following players through if searching for a lost ball.
- If called through (as above) and immediately afterwards the team ahead locate their ball and it is obvious that play would proceed faster if they were allowed to continue, you should signal them to resume playing. Note - This discretion is with the team called though and not the team searching for the lost ball.
- On the green, continue to putt out whenever possible. Unnecessary marking of balls delays play and should be avoided. On reaching the green and your ball, study the line of your putt immediately and whilst others are putting.
- Around the green always leave your buggy or cart adjacent to the path to the next tee.
- Each player should proceed directly to or adjacent to his ball at all times, wait there until the player furthest from the hole plays his shot, use the waiting time to assess his own shot and proceed immediately it is his turn.
- If you have lost your place in the field (have a clear fairway ahead) - Speed up your play. Courteous players who have lost their place will call following players through, if they cannot catch up.
- In Par and Stableford events, PICK UP when you have no further chance of scoring.
- Slow play is selfish play. Your position in the field is directly behind the group in front, not in front of the group behind.

A player is personally responsible for knowing her correct handicap at all times.

NOT PERMITTED - Short Skirts, short shorts, singlet tops, track suits, active wear.

PREFERRED LIES - PROCEDURE

A ball lying on a closely mown area, through the green, may be lifted without penalty and cleaned. Before lifting the ball, the player must mark its position. Having lifted the ball she must place it on a spot within 15cms (or other designated distance) of and not nearer the hole from where it originally lay, that is not in a hazard and not on a Putting Green. A player may place her ball only once, and it is in play when it has been placed. (Rule 20-4). If a ball fails to come to rest on the spot on which it is placed, the Rule 20-3d applies. If the ball when placed comes to rest on the spot on which it is placed and it subsequently moves, there is no penalty and the ball must be played as it lies, unless the provisions of any other Rule applies.

If a player fails to mark the position of the ball before lifting it, or moves the ball in any other manner, such as rolling it with a club, she incurs a penalty of One (1) stroke.

Note - "Closely- mown area" means any area of the course cut to fairway height or less.
